

Technical Specification Taiwan Vector Data

Scale 1:5000

1/5000 Scale Vector Data Layer Specifications

	Layer	File Name	Data Type	Descriptions	Package
1	Political Boundary 1	county	polygon	Hsien and Shih (level below provincial government)	Basic
2	Political Boundary 2	township	polygon	Chu, Hsiang and Chen (level below Hsien/Shih)	Basic
3	Rail Road	rail	line	All classes of rail road	Basic
4	Rapid Transit	mrt	line	Rapid transit for Taipei	Basic
5	City Block	block	polygon	Street blocks including schools and parks	Basic
6	Political polygon annotation	annoadmi	point	Names for Hsien/Shih, Hsiang/Chen, and Tsun/Li (level 3)	Basic
7	Street line annotation	annoroad	point	Names for street/road, lane and alley including bridges, tunnels and levee	Basic
8	Other annotation	another	point	Names for mountain peak, island and place	Basic
9	Road symbol	signpost	polygon	Road logos for national, provincial and Hsiang/Hsien highways	Basic
10	Road symbol text	annosign	text	Road number text	Basic
11	Outdoor recreation area names	outdoor	point	Locations and names of outdoor recreation areas such as parks	Basic
12	Government agencies	gov	point	Locations , names, addresses and telephone numbers of government agencies at every level	Basic
13	School names	school	point	Locations, names , addresses and telephone numbers of schools and educational institutions	Basic
14	Medical facilities	hospital	point	Locations, names , addresses and telephone numbers of medical facilities in Taiwan	Basic
15	Financial institutions	bank	point	Locations, names , addresses and telephone numbers of financial institutions such as banks, coops and post offices in Taiwan	Basic
16	Transportation facilities	traffic	point	Locations, names , addresses and telephone numbers of service /toll stations, train stations, bus stations, airports and rapid transit stations	Basic
17	Raised highways	flyover	polygon	Express ways	Standard
18	Highway tunnels	tunnel	line	Highway tunnels	Standard
19	Railroad tunnels	railtull	line	Railway tunnels	Standard
20	River surface	riverp	polygon	Rivers	Standard

	Layer	File Name	Data Type	Descriptions	Package
21	River line	river	line	river	Standard
22	Water bodies	lake	polygon	Lakes and reservoirs	Standard
23	Water body annotation	annorive	point	Names for rivers, lakes , reservoirs and water falls	Standard
24	hotels	hotel	point	Locations, names , addresses and telephone numbers of hotels	Standard
25	travel	travel	point	Locations, names , addresses and telephone numbers of national parks, scenic areas, forest areas, temple/historical sites, hot springs, etc..	Standard
26	recreation	recreation	point	Locations, names , addresses and telephone numbers of performance centers, movie theaters, department stores, night markets, fast food chains	Standard
27	Auto service	car	point	Locations, names , addresses and telephone numbers of gas stations, parking lots, towed lots	Standard
28	Other landmarks	other	point	Locations, names , addresses and telephone numbers of television stations, phone companies, power companies, water companies.	Standard
29	Road center line	road	line	Road center lines with their classes, serial numbers, classes and names	Power
30	Ditch surface	ditchp	polygon	ditches	Power
31	Ditch line	ditch	line	ditches	Power
32	Artificial ponds	pool	polygon	Fish ponds, irrigation ponds and swimming pools	Power
33	Port	port	polygon	Fishing and sea ports	Power
34	Mountain Peaks	mount	point	Locations, names and elevations	Power

A Sample (financial district at Taipei Shih (City of Taipei))
